

Gasket sheet AF-OIL typ 235

Application:

Oil-proof sheet, recommended for high temperatures and pressures. Approved for use in sub-inspection connections, in natural gas transfer, mining engineering, food industry and potable water transfer.

TECHNICAL PARAMETERS:

Standards satisfied and approvals	DuPont Specification G-81 UDT PZH DVGW Germanischer Lloyd
Classification per DIN 28091-2	FA-AM1-O
Basis	aramid fibres, mineral fibres, NBR caoutchouc
Density	2,0
Maximal operating conditions: Peak temperature Continous temperature Continous temperature in steam Pressure -	350°C 300°C 230°C 10 MPa
Factors per ASME Code: "y" "m"	1,2 1,8
Factors per DT-UC-90/WO-0/19 S_m dla 1mm,2mm,3mm S_r dla 1mm,2mm,3mm b dla 20, 200 i 300°C	40 Mpa; 21 Mpa; 12 Mpa 6,4 p ₀ ; 5p ₀ ; 4,1 p ₀ 1,1; 1,8; 3,0
